Experience

UX Design Intern | Henry Schein One

September 2022 - January 2023

- Contributed to the creation of a design system to modernize the cloud-based version of Dentrax, the most popular dental software used by over 35,000 practices
- Leveraged data and iterative feedback from hundreds of customers to guide the direction of designs
- Developed in-depth usability studies to understand user needs and behaviors, ensuring intuitive and helpful features

Design Content Writer | Rutgers Creative X

April 2020 - December 2022

- Engaged with an online design community of over 300 students and professionals by writing articles about UX and similar topics

UX Design Intern | KeHE Distributors

June 2022 - August 2022

- Collaborated as part of a cross-functional team on the design of distribution software connecting 8,500 natural food brands like KIND Bars to 30,000 retailers like Target
- Utilized a design system to ensure a consistent experience on features for KeHE's enterprise websites
- Developed valuable insights on the user journey by leading usability testing sessions
- Produced thorough UX copywriting in user flows to help guide clients through the interface while reinforcing brand voice and tone

UX Design Intern | Clocky

September 2021 - December 2021

- Single-handedly redesigned Clocky's e-commerce website and Amazon store page as the sole designer at the startup, in an effort to increase sales
- Designed digital marketing content like advertisements and social media posts to allow Clocky's products to reach a wider audience
- Experimented with alternative designs using A/B testing to determine the best method of increasing user engagement, presenting findings to leadership and the CEO
